

FOUNDATION SAFETY AND RESCUE TRAINING PRE-COURSE INFORMATION

Dear candidate,

This training course aims to provide paddlers with the key safety and rescue skills required to operate safely and to be able to deal with common emergencies. These skills form the foundations for safety and rescue throughout British Canoeing qualifications.

The award has two purposes:

- To provide the paddler with the necessary skills which will enable them to ensure the safety of themselves and others.
- To provide the paddler with the appropriate rescue skills which can be used to help themselves and/or others in difficulty.

Best wishes,

Andy

Prerequisites and registration

The candidate entry requirements are as follows:

- Boat-based participants need to either hold the British Canoeing Paddle Explore Award, the British Canoeing 2 Star Award or be of equivalent ability due to the paddling environment and the boat control required to complete the course.
- Bank-based participants accessing the course are not required to hold a Personal Performance Award; however, they should be prepared to fully participate in all relevant aspects of the course.
- Be able to swim in normal paddling clothing suitable for the prevailing conditions.
- A First Aid certificate is not a prerequisite; however, the holding of a First Aid certificate is strongly recommended for all paddlers.
